FEELS UNABLE TO KEEP SILENT

George F. Williams Resigns as Minister to Greece.

BRYAN ISSUES STATEMENT

Secretary of State Says Minister Williams Gives as His Reason for Resigning That He Cannot Comment on the Situation in Albania as He Would Like Under the Restraint Imposed by His Diplomatic Position.

Washington, July 7.—Formal announcement of the resignation of George Fred Williams as minister to Greece and Montenegro was made at the state department. Secretary Bryan issued this statement without comment:

"Mr. Williams requests Secretary Bryan to tender to the president his resignation as minister to Greece and Montenegro. He says the reason for his resignation is that he cannot comment upon the situation in Albania as he would like under the restraint imposed by his diplomatic position and that he does not feel that he conscientiously can keep silent with the knowledge which he has of what is being done.

"He says that he considers the success of the president more important to the world than all of the efforts of other men and does not wish to embarrass him and wishes to thank him for the consideration which has been shown him."

Brief Career as Diplomat.
President Wilson is expected to accept the resignation and close the brief and extraordinary career of Mr. Williams as a diplomat.

Aroused over press dispatches quoting the minister as bitterly criticizing conditions in the new kingdom of Albania and arraigning the responsible European powers the president caused his resignation to be asked for by cable last Friday night. It is understood, however, that Mr. Williams, foreseeing the inevitable, already had the resignation on the way to Washington.

This case is said to be without precedent in the history of the state department. Other ministers have gotten into trouble through too free criticisms of the conditions existing in the countries to which they were accredited, but it is not recalled that an American diplomatic representative ever before has gone outside of his post to discuss the affairs of another country.

Mr. Williams, who was a member of congress years ago, is a lawyer and was appointed to the diplomatic service from Massachusetts. He is a close friend of Secretary Bryan.

LORDS ADVANCE HOME RULE BILL

Irish Measure Passes Second Reading by Big Margin.

TEN VOTES IN OPPOSITION

That the Upper British Legislative Body Would Pass the Bill in Order to Amend It in Committee Was a Foregone Conclusion, but There Was Surprise That Only Ten "Die Hards" Could Be Found.

London, July 7.—The house of lords passed, 273 to 10, the second reading of the bill to amend the Irish home rule bill.

That the house of lords would pass the bill in order to amend it in committee was a foregone conclusion, but there was surprise that only ten "die hards" could be found to vote for Lord Willoughby de Broke's motion for its rejection.

The Marquis of Crewe, in closing the debate for the government, challenged the opposition to guarantee that there would be no civil war in Ireland, even if the bill was amended totally excluding Ulster.

For himself he did not hesitate to say that if John Redmond, the Irish Nationalist leader; Sir Edward Carson, the Ulster Unionist leader; William O'Brien and two or three other Irishmen could get together, it would be a better augury for some permanent arrangement than any other kind of a conference.

After the division notices of several amendments were handed in providing for the exclusion from home rule of the whole of Ulster.

BAR ON HINDUS IS UPHELD

British Columbia Court of Appeals Sustains Validity of Orders.

Victoria, B. C., July 7.—The court of appeals unanimously dismissed the appeal of Hindu immigrants seeking admission here and upheld the validity of the step the immigration officials took in preventing the landing of the Komagata Maru passengers.

The test case was that of Munshi Singh. The court upheld the validity of orders in council followed by the immigration authorities.

STRIKE IN BRITISH ARSENAL

When Engineer Is Dismissed 12,000 Men Walk Out.

Woolwich, Eng., July 7.—The entire working staff of 12,000 men of the government arsenal here, which supplies most of the guns and ammunition for the British army, has struck.

The action of the men was a protest against the dismissal of an engineer who refused to erect machinery on a foundation constructed by non-union laborers.

TWO ARE CREMATED IN BARN

Mothers Watch Fire Unaware of Fate of Sons.

Princeton, Wis., July 7.—While their mothers watched the fire, ignorant of the fate of their sons, Arnold Brustman and Walter Mawson, each seven years old, were burned to death in a barn. The falling walls revealed the charred bodies.

It is believed the boys were playing with matches.

AWARDED \$75,000 DAMAGES

Jury Gives Fortune to Injured Railroad Conductor.

Chicago, July 7.—A jury awarded James B. Wilson, former conductor on the Baltimore and Ohio railroad, \$75,000 for injuries received after he had been forced to work sixty-three hours out of seventy-two, according to testimony.

Propped in a wheel chair Wilson told the jurors he had been made to work three days and nights, from Aug. 19 to 22, 1913, with only nine hours off for rest. He said that while switching a freight car to a side track on the third day he became exhausted and fell between the car and an engine. His right arm was crushed and his spine seriously injured.

KILLS WOMAN AND HIMSELF

Unrequited Love Affair Results in Double Tragedy.

Minneapolis, July 7.—Mrs. Laura Zehn, twenty years old, a domestic, was shot and killed instantly at the home of O. I. Holton. The shot was fired by a man the police believe was John Nasaak. He also shot himself and died before he reached the City hospital.

In company with her friend, Alma Mykdush, Mrs. Zehn went to the circus and returned to the Holton home. Her friend telephoned for her brother, Lewis Mykdush, to come to the Holton home and take her to her home.

Just as the two left the servants' entrance of the Holton home Nasaak appeared out of the shrubbery, brandishing a pistol. Neighbors saw him approach Mrs. Zehn, who still was standing at the servants' entrance.

Before they could give warning he fired two shots, both of them taking effect. The fatal shot struck Mrs. Zehn in the right breast.

The assailant then turned his pistol upon himself and fell at the feet of the woman.

As far as could be learned the shooting was the climax of an unrequited love affair.

IOWA BLUE SKY LAW RAPPED IN OPINION

Measure Held Unconstitutional by Federal Court.

Des Moines, July 7.—Iowa's so called blue sky law, providing for the regulation and supervision of investment companies, was held unconstitutional in a per curiam opinion handed down by Walter L. Smith, United States circuit judge, and Smith McPherson and John C. Pollock, United States district judges.

Although the measure was attacked on five different grounds the judges cited only two specific instances wherein the law is invalid, as follows: It offends against the commercial clause of the federal constitution and grants privileges and immunities to citizens of Iowa denied to citizens of other states.

The request of the petitioners for an injunction to prevent W. S. Allen, secretary of state, and George Coss, attorney general, from enforcing the law is granted by the court.

An interesting point in the case whether the law was properly passed was not decided by the federal judges. It was explained by Judge McPherson that inasmuch as the Iowa supreme court has the constitutional duty of the law under advisement it was left to it to decide whether an amendment to the measure was adopted by the legislature. The amendment is contained in the bill to which Governor Clarke affixed his signature.

Bather Seized With Cramps.

Rice Lake, Wis., July 7.—J. R. Seekins, a member of the firm of the Rice Lake Cycle company, was drowned in Rice lake near the narrow bridge. Seeking decided to go bathing, accompanied by his business associate, Mr. Hill. He was considerable distance from shore when seized by cramps.

MUCH ADVICE IS OFFERED WILSON

President Forced to Listen to All Democratic Congressmen.

PRESS GIVES MANY POINTERS

In the End, However, Chief Executive Runs the Nation According to His Own Judgment—Root, Refusing to Run For Senator From New York, Wants a Vacation.

By ARTHUR W. DUNN.

Washington, July 7.—[Special.]—The time was when almost any man was pleased to be called "one of the president's advisers." A lot of men get that title during an administration, but it does not always mean that they are running the president.

"I don't know that it's a valuable title just now," remarked a Democratic senator. "For it appears to me that the president is not taking much advice these days. He has certainly received a great deal in regard to allowing congress to adjourn and go home, and so far, he has not shown any disposition to take it."

Advice Freely Given.

No other individual receives quite so much advice as the president of the United States. Holding a political office, he is obliged to listen to a great business corporation would never hear. Every senator and representative of his party feels competent to give him advice. In addition to this there are journalists, magazine writers, editors, newspaper correspondents, all free with their views. They do not hesitate to tell the president how to run the government.

It reminds me of a remark by Theodore Roosevelt a few months after he became president. Some one had just finished telling him what he ought to do, and as he passed out the door Roosevelt turned to a friend and said, "No man in the world receives the amount of advice that I do—mostly bad."

His Vacation Time.

Senator Elihu Root refused to run for re-election in New York largely because he wants his own vacation time. He told me the other day that his early life was in a college town where about the middle of June everybody went away on his vacation, and those who remained worked in their gardens; they did not need to transact business. His later life was spent in New York city, and his clients and those with whom he did business nearly all took a vacation about June. "And so," said the senator, "I resent being called upon to work at this season of the year. My habits have been to take a vacation, and yet I feel that it is my duty to stay here."

Padgett and Witherspoon.

Chairman Padgett of the naval committee of the house had more trouble with Congressman Witherspoon than all of the other members of the house combined. They disagreed so diametrically upon most of the propositions that came up in the naval bill that there seemed to be constant antagonism and friction. Once there was a discussion about the smaller guns on the battleships, mostly five inch guns, which can do considerable damage, and Witherspoon remarked to Padgett, "These little guns you are talking about are put on the ships for saluting the committee on naval affairs when their members go aboard."

"That statement," responded Padgett in a mild tone, but none the less emphatic, "has as much accuracy in it as any other statement the gentleman has made about the navy."

Continuous Service Counts.
There is no one now a member of the senate who was there when Senator Warren of Wyoming was sworn in. At the same time he lacks considerable of being a senior. He became a senator in 1890, but owing to a political revolution Wyoming was without representation for awhile, and Warren did not resume his service until March 4, 1895. In the meantime Gallinger of New Hampshire, Lodge of Massachusetts, Perkins of California and Clark of Wyoming, all still remaining, came in and now rank Warren on account of their continuous service.

"Just to Be Nice."

It was during a discussion of one of the appropriation bills and the everlasting question of who should hold the different offices was being asked. In reply to a sarcastic declaration by Mondell of Wyoming that the good jobs would be filled by civil service employees Chairman Fitzgerald of the appropriation committee replied: "Now, just to be nice among ourselves, do you not really believe that these positions in the federal government ought under a Democratic administration to have Democrats placed in them?"

"Of course," replied Mondell. "I never disagreed on that proposition at all."

Brandegge Tries His Hand.

Senator Brandegge has taken upon himself the fight with the "Jabberwock." The Connecticut senator is determined to keep out of the record all sorts of stuff that has no bearing on legislation in congress. Many a man has made this fight before, but never successfully.

Continuous.

"Does your wife talk in her sleep?" "Sleep, sir, is no exception to her rule."—Baltimore American.

CONFIRMS THREE MEMBERS

Senate Acts on Federal Reserve Board Nominations.

The nomination of Paul M. Warburg of New York and Thomas D. Jones of Chicago probably will not be acted upon by the banking and currency committee before the end of the week. It was stated in high official circles that Mr. Warburg will ask the president to withdraw his nomination.

Mr. Hamlin, Mr. Miller and Mr. Harding will take the oath of office within a few days and the work of setting in motion the new federal banking system will begin at once.

BURN AGED NEGRO TO DEATH IN FUN

Two Young White Men Are Held for Trial.

Salisbury, Md., July 7.—Joseph Darby and George Slopps, young white men, were brought to jail from Hebron charged with pouring oil on Benjamin Goslee, a negro seventy-one years old, and then setting fire to his clothing, burning him to death.

Darby made a statement in which he assumed sole responsibility for the deed, saying it was intended as a joke. He said the three men had been drinking and the negro became stupefied. Unable to arouse him Darby poured the contents of a kerosene lamp on his clothing and ignited it. The flames were extinguished too late to save the man's life.

Plans for Conference Between Contending Factions Drag.

ELECTION REPORTS SCARCE

General Huerta Is Evidently Again Chosen President by Such a Scant Vote That the Election May Be Declared Void—Rumor Still Persists That He Intends to Leave the Country.

Washington, July 7.—As viewed from Washington the Mexican situation appeared to be at a standstill so far as plans for the proposed conference between the contending factions over Mexico's internal affairs was concerned.

It was generally believed here that no arrangements for such a meeting could be made until the conference at Torreon between Villa's and Carranza's generals has concluded an adjustment of differences between the Constitutional leaders. This probably will consume several more days.

The case of General Angeles, Villa's chief of artillery, whom General Carranza recently denounced, now is said to be the chief subject of contention between the Constitutional leaders. Politicians are reported to have misrepresented Angeles to Carranza and the prediction is made by some of Carranza's agents here that Angeles will be restored to the confidence of the first chief.

Should the joint conference between Huertistas and Carranzistas eventually be arranged the belief prevails here that it will be held in New York.

Meager reports of Sunday's election in that part of Mexico controlled by Huerta in which General Huerta is said to have been re-elected, although by such a scant vote that the election may be declared void, caused no excitement in official circles here.

There was an undercurrent report that the election was designed to pave the way for some strategic movement on the part of General Huerta.

The rumors still persisted that he contemplated turning over the office to Pedro Lascurain and leaving the country. Unofficial reports were circulated that a special train bearing members of General Huerta's family and families of some of his generals had left Mexico City for Puerto Mexico.

Police in Chicago Suburb Searching for Suspect.

Chicago, July 7.—That the murder with an axe of four members of a family in Blue Island, a suburb, was not the work of the maniac who had committed a series of similar crimes in four Midwestern states, was the opinion of detectives who have sought him for months.

In the slaying of Mr. and Mrs. Jacob Mislich, their daughter, Mrs. William Mansfield, and her baby, Chicago detectives have found two men who say they saw a neighborhood character loitering in front of the Mislich residence. They learned from a married son of the Mislichs that this man had paid attention to Mrs. Mansfield before her marriage and had proposed to her. The man has disappeared.

Minneapolis, July 7.—Mrs. Laura Zehn, twenty years old, a domestic, was shot and killed instantly at the home of O. L. Holton. The shot was fired by a man the police believe was John Nasaak. He also shot himself and died before he reached the City hospital.

In company with her friend, Alma Mykdzush, Mrs. Zehn went to the circus and returned to the Holton home. Her friend telephoned for her brother, Lewis Mykdzush, to come to the Holton home and take her to her home.

Just as the two left the servants' entrance of the Holton home Nasaak appeared out of the shrubbery, brandishing a pistol. Neighbors saw him approach Mrs. Zehn, who still was standing at the servants' entrance.

Before they could give warning he fired two shots, both of them taking effect. The fatal shot struck Mrs. Zehn in the right breast.

The assailant then turned his pistol upon himself and fell at the feet of the woman.

As far as could be learned the shooting was the climax of an unrequited love affair.

IOWA BLUE SKY LAW
RAPPED IN OPINION

Measure Held Unconstitutional by Federal Court.

Des Moines, July 7.—Iowa's so called blue sky law, providing for the regulation and supervision of investment companies, was held unconstitutional in a per curiam opinion handed down by Walter I. Smith, United States circuit judge, and Smith McPherson and John C. Pollock, United States district judges.

Although the measure was attacked on five different grounds the judges cited only two specific instances wherein the law is invalid, as follows:

It offends against the commercial clause of the federal constitution and grants privileges and immunities to citizens of Iowa denied to citizens of other states.

The request of the petitioners for an injunction to prevent W. S. Allen, secretary of state, and George Cosson, attorney general, from enforcing the law is granted by the court.

An interesting point in the case whether the law was properly passed was not decided by the federal judges. It was explained by Judge McPherson that inasmuch as the Iowa supreme court has the constitutionality of the law under advisement it was left to it to decide whether an amendment to the measure was adopted by the legislature. The amendment is contained in the bill to which Governor Clarke affixed his signature.

NEW MINISTER TO SWEDEN

Washington, July 7.—Ira N. Morris of Chicago was nominated by President Wilson for minister to Sweden.

MUCH ADVICE IS
OFFERED WILSONPresident Forced to Listen to
All Democratic Congressmen.

PRESS GIVES MANY POINTERS

In the End, However, Chief Executive Runs the Nation According to His Own Judgment—Root, Refusing to Run For Senator From New York, Wants a Vacation.

By ARTHUR W. DUNN.

Washington, July 7.—[Special.]—The time was when almost any man was pleased to be called "one of the president's advisers." A lot of men got that title during an administration, but it does not always mean that they are running the president.

"I don't know that it's a valuable title just now," remarked a Democratic senator, "for it appears to me that the president is not taking much advice these days. He has certainly received a great deal in regard to allowing congress to adjourn and go home, and, so far, he has not shown any disposition to take it."

Advice Freely Given.

No other individual receives quite so much advice as the president of the United States. Holding a political office, he is obliged to listen to much advice that the head of a great business corporation would never hear. Every senator and representative of his party feels competent to give him advice. In addition to this there are journalists, magazine writers, editors, newspaper correspondents, all free with their views. They do not hesitate to tell the president how to run the government.

It reminds me of a remark by Theodore Roosevelt a few months after he became president. Some one had just finished telling him what he ought to do, and as he passed out the door Roosevelt turned to a friend and said, "No man in the world receives the amount of advice that I do—mostly bad."

His Vacation Time.

Senator Elihu Root refused to run for re-election in New York largely because he wants his own vacation time. He told me the other day that his early life was in a college town where about the middle of June everybody went away on his vacation, and those who remained worked in their gardens; they did not need to transact business. His later life was spent in New York city, and his clients and those with whom he did business nearly all took a vacation about June.

"And so," said the senator, "I resent being called upon to work at this season of the year. My habits have been to take a vacation, and yet I feel that it is my duty to stay here."

BURN AGED NEGRO
TO DEATH IN FUN

Two Young White Men Are Held for Trial.

Salisbury, Md., July 7.—Joseph Darby and George Slopps, young white men, were brought to jail from Hebron charged with pouring oil on Benjamin Gosslee, a negro seventy-one years old, and then setting fire to his clothing, burning him to death.

Darby made a statement in which he assumed sole responsibility for the deed, saying it was intended as a joke. He said the three men had been drinking and the negro became stupefied.

Unable to arouse him Darby poured the contents of a kerosene lamp on his clothing and ignited it. The flames were extinguished too late to save the man's life.

BATTLE HERO IN ALMSHOUSE

Father of Twenty-two Children Loses Trace of Them.

Milwaukee, July 7.—Because Rudolph Optiz has lost trace of his children, of whom he has been father to twenty-two, the old man, hero of the capture of Sadowa, in the German-Austrian war, has been sent to the Milwaukee almshouse.

When he sold his home to pay hospital bills, due to the effects of old war wounds, his children sought their fortune in the West.

When Optiz, then a noncommissioned officer, was at Sadowa his regiment captured three outposts of the fortress and was then ordered to retire. He rose in anger and led his regiment over the breastworks. He received a silver medal for his feat.

TUESDAY, JULY 7, 1914.

The health bureau says that if you are over forty you must eat less meat. The price of the commodity has made that fact apparent to many who are under forty, as well. You can reduce the high cost of living by cutting out the meat and claiming it is your physician's orders.

Roosevelt plans to head the reunited republican party in 1916 and to whip the democratic party to a frazzle. If the republican party unites for this purpose it won't be necessary for T. R. to have charge to do the job, but if they do unite with Teddy in command there will be fireworks to burn.

Work has begun on street paving which has been delayed for some time owing to the non-arrival of material. It will be a relief to pedestrians when the work is far enough advanced to clean up the walks in various parts of the city which for some time have been the resting place of the gravel that is to be used in the paving. It will be a nice thing to have the paved streets and the clearing of the walks and boulevards will be fully as much appreciated, the general public fully understanding that the piling of the material on the walks and boulevards was unavoidable.

The published election returns of the village of Deerwood show that not a democratic vote was cast in that precinct, yet there are reported to be three democratic candidates for the postmastership as soon as the term of the present incumbent expires. If it had been a case of two democratic votes being recorded the question would have been as to which one of the three voted the republican ticket, but as none of the three stood up to the rack it is apparent that a democrat will have to be imported into that precinct if Postmaster Wasserzieher is to lose his job.

Swat the fly, hit the rooster, shoot the dog, and speaking about dogs what is more of a nuisance than a little yipping cur dog that persists on keeping up the noise until all times of night when the near by neighbors are endeavoring to get their beauty sleep. The first yip of the little yellow cur calls for a response from the house dog in the next block, and in turn the dog in the barn a block further on seems called on to pass the word to his friend who is in the base-

ment of a nearby house. Things finally quiet down after the owner of each dog excepting the little yellow cur has gotten up and spoken to the household pet telling him to keep still. About time the last dog has been coaxed into quietness the little dog on the corner feels called on to see if he can get one more raise out of his companions, who seem to have forsaken him in his job of keeping the neighbors awake, and he elevates his head at an angle of 45 degrees and gives a series of danger signals that brings a recurrence of the former midnight music. Tired out with listening to the barking of the canines, the weary neighbor finally falls asleep with the avowed intention of having his dogship's master pulled for keeping a nuisance, or of taking the law in his own hands and shooting the little cur on sight. Ever go through the experience, and then take chances on its not happening again, only to be fooled by the same dog which you never shoot or even speak to its master about.

Careful of His Voice.

Brignoli, the famous tenor, was very careful of his voice and was terribly afraid of drafts. It is said that during the winter it always took him three-quarters of an hour to get from his room to the street. First he would on leaving his room pace the hall for ten minutes to get acclimated. He then descended to the lobby, where the temperature was a little lower, and spent twenty minutes there. He then ventured to the vestibule, which he would parade for fifteen minutes, occasionally opening the door to let in a little cold air. Being now accustomed to a cool temperature, he would button up his coat and sally forth.

TUESDAY, JULY 7, 1914.

The health bureau says that if you are over forty you must eat less meat. The price of the commodity has made that fact apparent to many who are under forty, as well. You can reduce the high cost of living by cutting out the meat and claiming it is your physician's orders.

Roosevelt plans to head the reunited republican party in 1916 and to whip the democratic party to a frazzle. If the republican party unites for this purpose it won't be necessary for T. R. to have charge to do the job, but if they do unite with Teddy in command there will be fireworks to burn.

Work has begun on street paving which has been delayed for some time owing to the non-arrival of material. It will be a relief to pedestrians when the work is far enough advanced to clean up the walks in various parts of the city which for some time have been the resting place of the gravel that is to be used in the paving. It will be a nice thing to have the paved streets and the clearing of the walks and boulevards will be fully as much appreciated, the general public fully understanding that the piling of the material on the walks and boulevards was unavoidable.

The published election returns of the village of Deerwood show that not a democratic vote was cast in that precinct, yet there are reported to be three democratic candidates for the postmastership as soon as the term of the present incumbent expires. If it had been a case of two democratic votes being recorded the question would have been as to which one of the three voted the republican ticket, but as none of the three stood up to the rack it is apparent that a democrat will have to be imported into that precinct if Postmaster Wasserman is to lose his job.

Swat the fly, hit the rooster, shoot the dog, and speaking about dogs what is more of a nuisance than a little yipping cur dog that persists on keeping up the noise until all times of night when the near by neighbors are endeavoring to get their beauty sleep. The first yip of the little yellow cur calls for a response from the house dog in the next block, and in turn the dog in the barn a block further on seems called on to pass the word to his friend who is in the base-

ment of a nearby house. Things finally quiet down after the owner of each dog excepting the little yellow cur has gotten up and spoken to the household pet telling him to keep still. About time the last dog has been coaxed into quietness the little dog on the corner feels called on to see if he can get one more raise out of his companions, who seem to have forsaken him in his job of keeping the neighbors awake, and he elevates his head at an angle of 45 degrees and gives a series of danger signals that brings a recurrence of the former midnight music. Tired out with listening to the barking of the canines, the weary neighbor finally falls asleep with the avowed intention of having his dogship's master pulled for keeping a nuisance, or of taking the law in his own hands and shooting the little cur on sight. Ever go through the experience, and then take chances on its not happening again, only to be fooled by the same dog which you never shoot or even speak to its master about.

Careful of His Voice.

Brignoli, the famous tenor, was very careful of his voice and was terribly afraid of drafts. It is said that during the winter it always took him three-quarters of an hour to get from his room to the street. First he would on leaving his room pace the hall for ten minutes to get acclimated. He then descended to the lobby, where the temperature was a little lower, and spent twenty minutes there. He then ventured to the vestibule, which he would parade for fifteen minutes, occasionally opening the door to let in a little cold air. Being now accustomed to a cool temperature, he would button up his coat and sally forth.

PARK MATTERS ARE DISCUSSED

Park Board Asked that a Committee be Appointed by Council to Cooperate with Them

THE SCHOOL BOARD ACTS TOO

Broken Water Main Leading to Northeast Brainerd is Cause of Some Debate

City park matters came in for considerable discussion at the council meeting on Monday evening. S. R. Adair, of the park board, addressed the council. He said the board would like to see playgrounds in every ward of the city. The park board commissioners had attended the school board meeting and the members of the school board had expressed themselves as heartily in favor of the idea and of promoting it. Mr. Adair asked for a lease of the school lots on the northeast corner of Oak and Sixth streets to make a children's playground. He asked that a committee of the council meet with a like committee of the park board and the school board.

Mr. Adair also asked the use of school grounds in Northeast and Southeast Brainerd for park purposes and the installation of playground apparatus. He wanted the council to take action so that the park board could legally spend money on the playgrounds throughout the city. He also asked the council to designate the depot park on Front street as a city park and that the board would then attend to keeping the grass cut and keep the park in a tidy shape. The carnival was coming next week and Mr. Adair said the park board expected to make considerable money and which would be used for park purposes. Mr. Adair paid a compliment to F. E. Ebner who gave \$100 to the board for the purchase of seats to be placed in the Front street depot park.

On motion of Alderman Mahlum the chair appointed a committee of three to confer with the park board and school board committees on the park question. The committee includes Aldermen Mahlum, Smith and Hess.

Another motion of Alderman Mahlum was that a lease be accepted from the Northern Pacific railway of the depot park on Front street and that it be designated ground for park purposes.

The council extended a vote of thanks to Attorney F. E. Ebner for his donation of \$100 for seats and ordered the resolution to be spread on the minutes and a copy sent to Mr. Ebner.

The city engineer was instructed to advertise for bids for the construction of a sewer in District No. 3 and a lateral sewer C-3, the same giving connection with the school.

J. K. Pearce voiced a complaint regarding the taxation of curbing on his lots, claiming he was charged \$60 when others paid \$30. He asked for a rebate. George Mahood and Frank Blackburn spoke of a sewer on the north side near their property. Tom Blackburn wanted sidewalks laid near his property on the north side.

In a communication to the council, Mayor R. A. Henning charged that there had been considerable criticism of the city engineer and city officials on account of the breaking of a water main under the fill between Kindred and Kingwood street and also charged that the cutoff valve of the water main on the east side of the ravine in Northeast Brainerd had not been installed, the letter of the mayor claiming that the same was ordered purchased and installed, and charging negligence on the part of the secretary of the water and light board.

Alderman Betzold wanted a committee of three to investigate the matter. It was voted down 3 to 7, the ayes being Aldermen Anderson, Betzold and Haake and the nays Aldermen Mahlum, Stallman, Smith, Hess, Gallupe, Lagerquist and Peterson.

When the water and light board bill of \$175 for hydrant rental came up, the council voted unanimously not to pay same until improvements were made.

Dr. Karl H. Hoorn requested that a sewer district be designated embracing the property north of the center line of Bluff avenue along the north side of the city and that a sewer be constructed.

Reports of the chief of police and the street commissioner for the month of June were read, accepted and placed on file. The usual number of routine bills and payrolls were allowed and ordered paid. To the city attorney was referred the bill of A. M. Opsahl of \$80 paid for premium on \$20,000 bonds. To the purchasing committee was referred a bill of the janitor embracing sundries.

A warrant of \$950 was ordered drawn for the purchase of the Dr. Jamieson lot to be added to the city hall site.

Great Benefit.

DEATH OF GEO. SARGENT

Well Known Brainerd Man Passed Away This Morning, Had Lived Here 37 Years

George Sargent, aged 49, a well known business man of Brainerd and identified with many fraternal orders, passed to his reward this morning, death being due to Bright's disease from which he had suffered for three years. He was patient and uncomplaining and before taking to his bed was often on the streets with a cheery word for everybody. A trip to Hot Springs, Arkansas, improved his health for a time.

He conducted the Enterprise bottling works at 207 Front street and later when his health failed, the business was conducted by his brother, Edward Sargent. Mr. Sargent was born in Essex, Illinois, coming to Brainerd when a boy 37 years ago. He was married in Brainerd 22 years ago and by his first wife had two children, John Sargent and Vernon Sargent. He was married 11 years ago and by his second wife, who survives him, had one child, George Sargent, Jr.

During the administration of Col. A. J. Halsted 11 years ago, Mr. Sargent served as chief of police and was an efficient officer, careful and prompt in the discharge of his duties. He was active in fraternal life and was a member of the Eagles, Redmen, Workmen, United Commercial Travelers, Elks, and Degree of Honor. He was president of the Eagles and their delegates to many state conventions. He was squire of the Redmen and also delegate. He belonged to the St. Cloud United Commercial Travelers and transferred to Brainerd when the council was organized here.

He leaves two sisters, Mrs. B. E. Pemberton and Mrs. George Young, of Chicago, Ill.; three brothers, Edward Sargent of Brainerd, Charles Sargent of Chicago and Hiram Sargent of Wisconsin. The date of the funeral services will be announced as soon as all relatives can be communicated with.

To the sorrowing family the deepest sympathy of the community is freely extended.

LATER—The funeral services will be held at 2:30 Thursday afternoon from the residence, 814 South Third street.

UNION REVIVAL MEETINGS

Being Held in Crosby by Evangelist Clarence J. Martin—Brainerd Men Assist

Parts of two men's evangelistic teams from Brainerd, twelve men in all, assisted in two services in Crosby Sunday in connection with the union revival meetings being held in the Presbyterian church in that city by Evangelist Clarence J. Martin.

Six of the men were members of the men's team from the First Baptist church and six were from the men's evangelistic team of the First Methodist church. All the men made addresses at the afternoon and evening services and two, Mr. Small and Mr. Lyndon, sang solos at the evening meeting.

The men also assisted in a meeting in the Deerwood Methodist church at 11 o'clock in the morning and in a service in the Presbyterian church in Ironton at the same hour, the company being divided to fill both places at once.

The members of the men's teams are all active earnest business men of Brainerd and are going at the evangelistic work with a swing that brings results. The team from the Baptist church spent one Sunday in a meeting being held at Pillager a few weeks ago by Mr. Martin and 28 conversions were secured in two services on that day.

On Sunday, June 28, the team from the Brainerd Methodist church assisted in the meetings being conducted by Mr. Martin in Crosby and 23 converts were secured in two invitations. The union meetings being held by Evangelist Martin in Crosby have resulted to date in fifty conversions. The revival closes Tuesday night.

The members of the Methodist church gospel team that attended the revival meetings held by Mr. Martin at Crosby Sunday are as follows, D. T. Lawrence, George Lowe, Guy L. Weaver and Gussie Small. SPEEDWELLS 4, FT. RIPLEY 2

Butke Strikes Out 18 and Laforce 14—Do These Pitchers Get No Support?

In a game reported between the Speedwells and Fort Ripley, with Butke striking out 18 and Laforce 14, one wonders if these pitchers feel impelled to do all the work. Have they no support? The story of the game sent in reads:

In the best fought battle of the Speedwells' career this season, they nosed out another victory on the 4th from Fort Ripley by a 4 to 2 score. The battery for Fort Ripley was Laforce, Tucker and Beaumont. For the Speedwells Butke and Velde. It was a neck and neck race between the two pitchers, Butke securing 18 strikeouts, Laforce 14.

The Speedwell bunch were a little heavier on the hits, securing 7 hits to Fort Ripley's 5.

The Speedwells line up was: P. Peterson, second base, A. Velde catcher, W. Molstad and L. Dahl left field, I. Roderick shortstop, L. Clark, center field, F. Stallman, third base, L. Swanson, first base, F. Butke pitcher, A. Thoe right field.

H. Saunders is manager of the Ft. Ripley team and gave the Brainerd boys a square deal all around. Many fans accompanied the Speedwells to Fort Ripley. Among these were John Witham, who umpired for the Brainerd boys, C. Boppel, E. Saunders, W. Kunde, M. Anderson, B. Larson and others. A feature of the game was the rooting of Ed Saunders. He certainly could make a second Jerry Barron without any effort at all. Leading the Brainerd fans he had the Fort Ripley bunch up in the air most of the time.

The Speedwells have lost only one game this year and that to Pine River. Anyone desiring games should see or write F. S. Murlowski.

PARK MATTERS ARE DISCUSSED

Park Board Asked that a Committee be Appointed by Council to Cooperate with Them

THE SCHOOL BOARD ACTS TOO

Broken Water Main Leading to Northeast Brainerd is Cause of Some Debate

City park matters came in for considerable discussion at the council meeting on Monday evening. S. R. Adair, of the park board, addressed the council. He said the board would like to see playgrounds in every ward of the city. The park board commissioners had attended the school board meeting and the members of the school board had expressed themselves as heartily in favor of the idea and of promoting it. Mr. Adair asked for a lease of the school lots on the northeast corner of Oak and Sixth streets to make a children's playground. He asked that a committee of the council meet with a like committee of the park board and the school board.

Mr. Adair also asked the use of school grounds in Northeast and Southeast Brainerd for park purposes and the installation of playground apparatus. He wanted the council to take action so that the park board could legally spend money on the playgrounds throughout the city. He also asked the council to designate the depot park on Front street as a city park and that the board would then attend to keeping the grass cut and keep the park in a tidy shape. The carnival was coming next week and Mr. Adair said the park board expected to make considerable money and which would be used for park purposes. Mr. Adair paid a compliment to F. E. Ebner who gave \$100 to the board for the purchase of seats to be placed in the Front street depot park.

On motion of Alderman Mahlum the chair appointed a committee of three to confer with the park board and school board committees on the park question. The committee includes Aldermen Mahlum, Smith and Hess.

Another motion of Alderman Mahlum was that a lease be accepted from the Northern Pacific railway of the depot park on Front street and that it be designated ground for park purposes.

The council extended a vote of thanks to Attorney F. E. Ebner for his donation of \$100 for seats and ordered the resolution to be spread on the minutes and a copy sent to Mr. Ebner.

The city engineer was instructed to advertise for bids for the construction of a sewer in District No. 3 and a lateral sewer C-3, the same giving connection with the school.

J. K. Pearce voiced a complaint regarding the taxation of curbing on his lots, claiming he was charged \$60 when others paid \$30. He asked for a rebate. George Mahood and Frank Blackburn spoke of a sewer on the north side near their property. Tom Blackburn wanted sidewalks laid near his property on the north side.

In a communication to the council, Mayor R. A. Glenning charged that there had been considerable criticism of the city engineer and city officials on account of the breaking of a water main under the fill between Kindred and Kingwood street and also charged that the cutoff valve of the water main on the east side of the ravine in Northeast Brainerd had not been installed, the letter of the mayor claiming that the same was ordered purchased and installed, and charging negligence on the part of the secretary of the water and light board.

Alderman Betzold wanted a committee of three to investigate the matter. It was voted down 3 to 7, the ayes being Aldermen Anderson, Betzold and Haake and the nays Aldermen Mahlum, Stallman, Smith, Hess, Galle, Lagerquist and Peterson.

When the water and light board bill of \$175 for hydrant rental came up, the council voted unanimously not to pay same until improvements were made.

Dr. Karl H. Hoorn requested that a sewer district be designated embracing the property north of the center line of Bluff avenue along the north side of the city and that a sewer be constructed.

Reports of the chief of police and the street commissioner for the month of June were read, accepted and placed on file. The usual number of routine bills and payrolls were allowed and ordered paid. To the city attorney was referred the bill of A. M. Opsahl of \$80 paid for premium on \$20,000 bonds. To the purchasing committee was referred a bill of the janitor embracing sundries.

A warrant of \$950 was ordered drawn for the purchase of the Dr. Jamieson lot to be added to the city hall site.

Great Benefit.

RINES INSTITUTES CONTEST

Seeks Republican Nomination for Minnesota State Auditor.

St. Paul, July 4.—Papers in the contest instituted by Henry Rines of Mora to determine whether he or Insurance Commissioner J. A. O. Preus is entitled to the Republican nomination for state auditor were served on Mr. Preus and Secretary of State Schmahl.

Preus was nominated on the face of the returns and this was certified to by the state canvassing board.

Mr. Schmahl was also served with an order issued by Judge R. Stober of the Nineteenth district court, restraining him from placing the name of Preus on the general election ballot until the contest has been determined.

The judge also orders Preus to answer the Rines complaint at a term of court to be held at Stillwater July 13 at 10 a. m.

Rines' affidavit, giving eighteen reasons for his contention, charges that 3,000 ballots were wrongfully counted for Preus, 2,000 for Julius H. Block and that 5,000 cast for him were not credited to him by the returns. No specific instance of errors are cited. A recount of the entire state vote is asked for.

BRITON'S WISH IS GRANTED

Funeral of Joseph Chamberlain Will Be Simple.

London, July 4.—The funeral of Joseph Chamberlain, the British statesman, will be simple, according to his own wishes.

It will be held on Monday in Methodist Unitarian church, Birmingham. Interment will be in Hockley cemetery. In his youth Mr. Chamberlain was a Sunday school teacher in the Methodist church.

Mrs. Chamberlain has received numerous messages of condolence, including those from King George, Queen Mary, the queen mother Alexandra and other members of the royal family and from prominent persons at home and abroad.

DOCTOR'S WIFE ON STAND TWO HOURS

Denies Knowledge of Murder in Husband's Office.

Freeport, N. Y., July 4.—Mrs. Edwin Carman, wife of the Freeport physician in whose office Mrs. Louise Bailey, wife of a wealthy New York manufacturer, was murdered mysteriously Tuesday night, sat on the witness stand at the coroner's inquest more than two hours and submitted to a rigid cross-examination concerning her actions just prior to the killing, just after it and at the moment it occurred.

Mrs. Carman denied emphatically that she was on the porch of her home just before the murder, that she had walked around on the ground floor while Mrs. Bailey was in her husband's office or that she entered the office while the victim's body still was lying on the floor.

George Golder, a patient, who had been waiting to see Dr. Carman on the night of the murder, swore on the witness stand that he had seen the physician's wife do all these things.

When it was suggested that perhaps Golder had mistaken Mrs. Carman for her sister the witness was confronted with both women. He immediately identified Mrs. Carman as the one he had seen.

FRIENDS AND ENEMIES.

Cherish your friends and avoid making enemies. Whatever the number of a man's friends, there will be times in his life when he has one too few, but if he has only one enemy he is lucky indeed if he has not one too many.—Bulwer.

Her Name.

One needs patience to succeed as a teacher of the young, as this brief dialogue in one of our elementary schools may show:

Scholar—I've left home now, ma'am. I'm living with my auntie.
Teacher—What's her name?
Scholar—She's called after me—Fanny.
Teacher—Yes, but what's her other name?
Scholar—She has no other.
Teacher—But what does the woman next door call her?
Scholar—She doesn't speak to the woman next door.

INFLUENCE.

He who wishes to exert a useful influence must be careful to insult nothing. Let him not be troubled by what seems absurd, but let him consecrate his energies to the creation of what is good. He must not demolish, but build. He must raise temples where mankind may come and partake of the purest pleasures.—Goethe.

It Doesn't.

"He who laughs best laughs last, you know." "Does that include the Englishman?"—Exchange.

There is more CATARRH in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. Cheney & Co., Toledo, O. Sold by Druggists, 75c. Take Hall's Kidney Pills for constipation.

INDIAN KILLS WHITE GIRL

Drags Her From Flance and Shoots Her to Death.

Yankton, S. D., July 4.—Nellie Brewer, seventeen years old, a school girl and daughter of Riley Brewer, was shot and killed in the Milwaukee stock yards here by Charles Bowman of Wagner, a quarterblood Yankton Sioux Indian.

Bowman met the girl as she was going to a circus with Ralph Ford, to whom she was to be married this month. Bowman dragged her away from Ford, although her parents and a brother and sister were near by. It was dark and the couple were lost to view until shots brought officers to the spot to find the girl dead with two bullet holes in her heart. Bowman was lying nearby and supposed to be dead at first.

Mystery surrounds the Indian's condition, but as he was not shot it is supposed he was set upon and beaten by the girl's father and Ralph Ford, who left him for dead and are keeping the story back.

Bowman had served time in the state penitentiary and otherwise had a bad record. He is recovering and will be charged with murder.

His Honor Vindicated.

A couple of good natured Frenchmen got into a quarrel and challenged each other to fight. On the morning of the duel they and their seconds tramped through the woods to the fatal spot, when one of the duelists, the challenging party, tripped and fell. His second helped him to his feet.

"I hope you are not much hurt," said the other duelist.

"I'm not much hurt. I only bumped my nose on the ground."

"Does it bleed?"

"Yes, a little."

"Heaven be praised! Blood flows, and my honor is vindicated. Give me your hand, old boy!"

The Horological Revenge.

They were looking over their wedding presents. He pointed to a small bronze clock. "Seems to me," he said, "that I have seen that before."

"You have," she returned serenely.

"You gave it to my first husband and me for a wedding present. When we divided the things after the divorce he kept the clock, and now he is sending it back to us."—New York Press.

RINES INSTITUTES CONTEST

Seeks Republican Nomination for Minnesota State Auditor.

St. Paul, July 4.—Papers in the contest instituted by Henry Rines of Mora to determine whether he or Insurance Commissioner J. A. O. Preus is entitled to the Republican nomination for state auditor were served on Mr. Preus and Secretary of State Schmahl.

Preus was nominated on the face of the returns and this was certified to by the state canvassing board.

Mr. Schmahl was also served with an order issued by Judge R. Stollberg of the Nineteenth district court, restraining him from placing the name of Preus on the general election ballot until the contest has been determined.

The judge also orders Preus to answer the Rines complaint at a term of court to be held at Stillwater July 13 at 10 a. m.

Rines' affidavit, giving eighteen reasons for his contention, charges that 3,000 ballots were wrongfully counted for Preus, 2,000 for Julius H. Block and that 5,000 cast for him were not credited to him by the returns. No specific instance of errors are cited. A recount of the entire state vote is asked for.

BRITON'S WISH IS GRANTED

London, July 4.—The funeral of Joseph Chamberlain, the British statesman, will be simple, according to his own wishes.

It will be held on Monday in Messiah Unitarian church, Birmingham. Interment will be in Hockley cemetery. In his youth Mr. Chamberlain was a Sunday school teacher in the Messiah church.

Mrs. Chamberlain has received numerous messages of condolence, including those from King George, Queen Mary, the queen mother Alexandra and other members of the royal family and from prominent persons at home and abroad.

DOCTOR'S WIFE ON STAND TWO HOURS

Denies Knowledge of Murder in Husband's Office.

Freeport, N. Y., July 4.—Mrs. Edwin Carman, wife of the Freeport physician in whose office Mrs. Louise Bailey, wife of a wealthy New York manufacturer, was murdered mysteriously Tuesday night, sat on the witness stand at the coroner's inquest more than two hours and submitted to a rigid cross-examination concerning her actions just prior to the killing, just after it and at the moment it occurred.

Mrs. Carman denied emphatically that she was on the porch of her home just before the murder, that she had walked around on the ground floor while Mrs. Bailey was in her husband's office or that she entered the office while the victim's body still was lying on the floor.

George Golder, a patient, who had been waiting to see Dr. Carman on the night of the murder, swore on the witness stand that he had seen the physician's wife do all these things.

When it was suggested that perhaps Golder had mistaken Mrs. Carman for her sister the witness was confronted with both women. He immediately identified Mrs. Carman as the one he had seen.

THE JOCKEY AND THE GOOD JUDGE

GET YOUR MONEY ON PURITY, SHE IS A SURE THING

PURITY, SHE WAS NAMED AFTER THE REAL TOBACCO CHEW.

YOUR own taste and comfort tells you "Right-Cut" is the Real Tobacco Chew. Get a pouch from your dealer and try it.

Use half a pouch of it. Then if you don't like it better than any you ever used, you can get your money back.

It's right—pure, rich, sappy, mellow, full-bodied tobacco, seasoned and sweetened just enough. You get the tobacco taste fine. And easy and steady. It's a ready chew—short-shred, cut fine. You don't have to grind it. The flavor comes.
